Notice to Agent is notice to Principal.  
Notice to Principal is notice to Agent.  
The undersigned am I as I am the undersigned.

Dear sir/madam,

This is a NOTIFICATION not a letter!

Previously I have informed your Queen, the Head of State of the Netherlands, with regard to my sovereignty, my (human) rights and the penalties for infringing on those rights as stated in my Fee Schedule. By not replying (within the legal time frame) the Queen of the Netherlands and the Kingdom of the Netherlands have accepted my sovereignty, (human) rights and the penalties as stated in my Fee Schedule (as have the UN, EU and several other heads of state and countries).

Although I am sure you have been properly informed of such I am taking it upon myself to have you notified of such as well.

I shall also keep you and your employees to upholding your constitution as well as signed treaties and declarations such as the Universal Declaration of Human Rights.

In case you and/or one of your employees infringe on my freedom, property or integrity or that of any Man that is under my supervision or that I represent, it will result in a lump sum as described in my Fee Schedule.

As my property iLusiland has been created and has stated its independence, evidence of this can be found in the attachments as well. Citizens of iLusiland are free to identify themselves using a passport and driving license, of which a copy can be found attached as well.

I trust that with all attachments included I have informed you in a proper manner and that you understand all I have stated. In case you would need more clarification I would be happy to provide you more information to do so.

Hereby I also let it be known that I only accept written reactions for my administration. I ask you to respect my rights and reputation.

Sincerely, without disrespect, malice or frivolity. All Rights reserved. Without commitment or agreement. Errors and modifications reserved.
